**CAROL ALDRED**

Hello, I'm Greg Aldred. I love where we live! I've served this community for 30 years. My father was a County Commissioner back in 1966 and my mother was a nurse. Times have changed. I'm running for what I call the three Ts - Taxes, Traffic, Torns. I say, NO NEW TAXES. Terms limits stop career politicians. We need affordable housing, not low income housing. To quote Albert Einstein, "We can't solve problems by using the same kind of thinking we used when we created them." I'm asking for your vote. For more info go to Facebook/Greg Aldred. Text 435-632-2807. Gregalred@yahoo.com.

**GREG ALDRED**

I value the people who live in St George who inspire, teach and have become my friends. I offer to all, "Let's meet half way to communicate," which is the beginning of understanding and friendship. All ideas, points of view, opinions and needs are valuable and will be given my respect and consideration. It is a great responsibility to listen, study, and then make sound decisions for the city. I take this charge seriously. The goal is to continually move forward, keeping what was given to us by the past as we move into the future.

Ed Baca earned a Bachelors Degree from Cal-State University Fullerton, California, and began his public service career in municipal government serving as a law enforcement officer and a public servant career in county government where he was charged with fiduciary and ministerial responsibilities in caring for the elderly and those deemed unable to care for themselves under court appointed conservatorships. During the course of 50 years of public service Ed has joined with associates in establishing many meaningful public service activities and organizations contributing to the wellbeing of the community including his current city council service.

I was born and raised in Salt Lake City. I served in the Army from 2009-2012. Assigned to the 4th BCT, 82nd Airborne Division. I deployed to Afghanistan from 2009-2010 serving as a convoy leader in the Heart Province. Honorably discharged. Awarded the Army Commendation Medal and Army Good Conduct Medal. The issues I address are of ethical matters and standards within in our local government dealing with conflicts of interest. With that I am prepared to face crime within St George head on. I pledge to serve on the City Council honorably. Thank you for your time.

My name is Troy Belliston. I grew up in Southern Utah and have built a wonderful family, a great business, and have strived to serve in one form or another for most of my adult life. As a young man I swore an oath to serve, protect and defend the constitution of the United States in service to our country and have swore that same oath to serve our community four years ago. It’s been a true honor to serve on the city council over the last four years. I love this community and would appreciate the opportunity to serve again for another term.

TROY BELLISTON

I love Washington. I have worked and lived in the Southern Utah area for 19 years. With the current climate of the City growth we need to do it right and plan accordingly. With my 15 years of planning and engineering background, and 2.5 years on planning commission, I can be an asset to the community. As the father of 3 very active boys, I look at them often and wonder about their future. Will our town be better for them than it was for me? I want to make sure that our community continues thriving well into the future.

CRAIG COATS

I am a retired Chief of Police and current small business owner. While Chief I had a proven track record of building community trust, creative crime reduction strategies (first in the nation “porch pirate” bait program) and staying within budget every year. I saw first-hand what an effective city council can do for a community and want to serve you in the same way. I am committed to smart and prudent growth for Washington City, expanded economic opportunities including retail and tourism, professional public safety, and greater regional representation for our residents. You can find more about me at www.goold4washington.com.

MICHAEL GOOLD

There are many reasons why I am running and they are found on the Core Objectives page of my site, www.benforwashingtoncity.com. Please visit the site to learn more about me and what I would like to accomplish while in office in Washington City.

BEN MARTINSEN

I am running for Washington City Council because we live in an awesome community that’s been very good to my family. I want to do my part to keep Washington City great and I see opportunities to make it even better. I also see significant challenges coming before our city. I am seeking a seat on Washington Council because I want to roll up my sleeves and help Washington City continue to thrive.

MARSHALL SIMMONS

I have seen a Big disconnect between city and the Great citizens of Washington. People continue to move in, and we love that, But they never feel a part of a city. And the city government keeps on working, with no feedback. Meanwhile people are not active in government , city or community activities. We Just pass the largest budget request ever In Washington city and nobody was there to voice an opinion. And lifelong residents are thinking that their traditions are being forgotten. My goal is to put the unity back in Community.

MIKE TATE

I first got my start with Washington City as a volunteer in 2013, which lead to a job at the Washington City Community Center as the Events Coordinator. I currently serve on the board for the St George Area Chamber of Commerce. In running for city council I want to be involved with current and future developments while also being wise with our city budget. I want to hear our communities concerns and constructive ideas. Community Connection is really important to me and I want to make sure our community is more connected between its citizens and city.

Ivins Candidates

VALERIE CAZIER
moved to Utah in January 1999 to teach at Dixie College. We bought a house in Ivins in 2000 and have lived here since. I am a candidate because making a
difference in people's quality of life happens at the local level. We need affordable housing in Washington County so our teachers, police,
and firefighters can live in the communities they serve and not have to work two or
three extra jobs to make a house payment, clean air initiatives so that the St.
George valley doesn't look like SLC in the winter, and frank conversations
about water issues.

I have a strong desire to bring a voice to the Council on current and future
needs and growth concerns for Ivins City. Our city is unique and should
remain so. Growth is one of the most pressing concerns and I want to help
maintain balance while planning for the future with the community's voice in
mind. I am semi-retired, with 22 years law enforcement, ranging from a 911 Dispatcher, Volunteer EMT for Dixie Ambulance, to Lieutenant with the Salt Lake County Sheriff's Office. I have a bachelor's
degree in Bus. Accounting, Associates Degree in Criminal Justice.

DANNAH CAZIER
I am a Fifth Generation resident of Santa Clara who is raising my family in
the town I love. I have been a small business owner in Santa Clara for over
20 years and have spent many rewarding hours volunteering here. I love
this community and I would like to continue serving my neighbors in a more
direct capacity - as your City Councilor. I am interested in working to
provide a positive environment for small businesses to thrive in while
maintaining a safe community where parents will continue to feel confident
in raising their young families.

DENNIS MEHR
Dennis Mehr (Incumbent) has lived in Ivins for 13 years where he has taken
an active part in the community through service on Ivins City Council (2016-
present), the Planning Commission (2008-2011) as well as other volunteer
opportunities. Dennis works in healthcare administration. He is employed by
Intermountain Healthcare's Medical Group to oversee outpatient clinics
including behavioral health, pediatrics and women's services. He graduated
from BYU earning a Master of Public Administration (MPA) and a Bachelor
of Science in Economics. He and his wife, Stacie, are the parents of 7
children. They enjoy time with family and the beautiful outdoors.
